Claims 19,20,30 and 31 are finally rejected as set forth in the Office Action dated 07/30/03

Claims 21-26,28,32-38 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Applicant's arguments filed 10/03/03 have been fully considered but they are not persuasive. Claim is directed to an attachment for stabilizing a low end of the pockets. The German patent publication 195 49 166 show an attachment item 41. The term attachment is not found nor defined in the specification. Any thing that attached to the pocket is reasonably considered as an attachment. Since the attachment item 41 has its own weight, its additional weight will be inherently stabilizing the lower end of the pocket. Moreover, the term stabilizing is not defined in the specification. Additional weight will causes less movement to the pocket and less movement will reasonably considered as" stabilizing".

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for response to this final action is set to expire **THREE MONTHS** from the date of this action. In the event a first response is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event will the statutory period for response expire later than **SIX MONTHS** from the date of this final action.

Any inquiry concerning this office action will be directed to Examiner Joseph Moy, (703) 308-1145.
